WEBSITE PROPOSAL · SUNNA SUPPLEMENTS

A SITE PEOPLE REMEMBER, COME BACK TO AND SHARE

The features, the thinking behind them, and what they do for sales and loyalty.

November 2026

THE IDEA

THREE JOBS FOR THE NEW SITE

01

MEMORABLE

Motion that makes the products stick: floating products, the pour, live counters, page transitions.

02

PERSONAL

A routine finder, smart recommendations and a chat assistant that speaks their language.

03

LOYAL

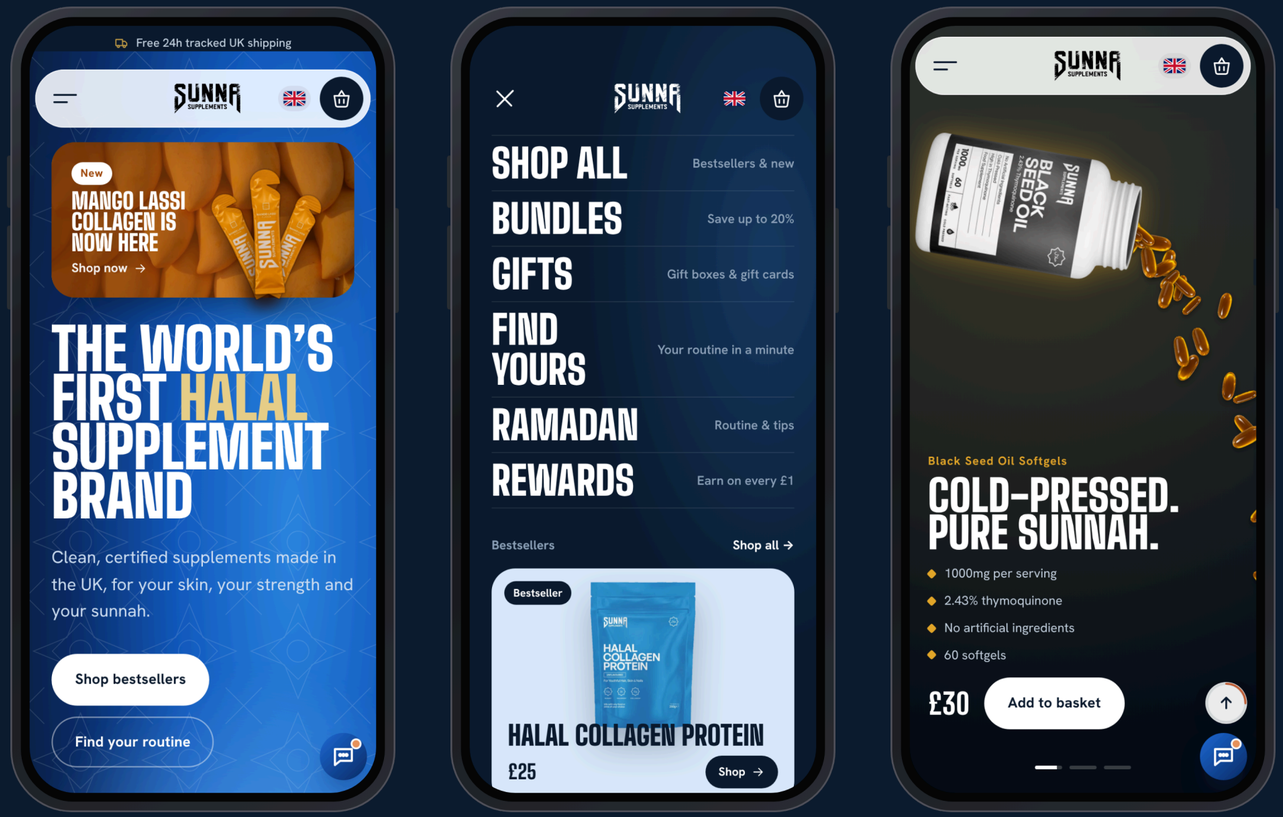

Rewards, members-only offers, gift boxes and gift cards that bring people back without constant sales.

BUILT FOR THE PHONE FIRST

77%

of UK retail site visits came from smartphones in Q2 2025, and so did 75% of orders.

So every feature was designed on a phone first: thumb-friendly menus, a pinned gift box, swipeable carousels and a basket that’s always one tap away.

SOCIAL PROOF

LET CUSTOMERS DO THE CONVINCING

Counters that tick up as they come into view, with the 5-star rating and the founder's own words beside them.

A before and after slider people can drag themselves, plus creator videos that play as you scroll.

A NOTE ON DISCOUNTS

VALUE DOESN’T HAVE TO MEAN A SALE

Sales have their place. The brands people stay loyal to also give value in other ways: rewards they earn, offers that feel exclusive, and gifts worth sending.

WHAT THE RESEARCH SAYS

CONSTANT DISCOUNTING HAS A COST

CUSTOMERS LEARN TO WAIT

Over 8¼ years of purchase data, shoppers became more price- and promotion-sensitive as promotions increased.

Mela, Gupta and Lehmann, Journal of Marketing Research, 1997

PROMOTIONS CAN WEAR DOWN THE BRAND

Over the long term, advertising had a positive effect on brand equity, while promotions had a negative one.

Jedidi, Mela and Gupta, Marketing Science, 1999

KEEPING CUSTOMERS PAYS

A 5% rise in customer retention can lift profits by 25% to 95%.

Bain & Company, Frederick Reichheld

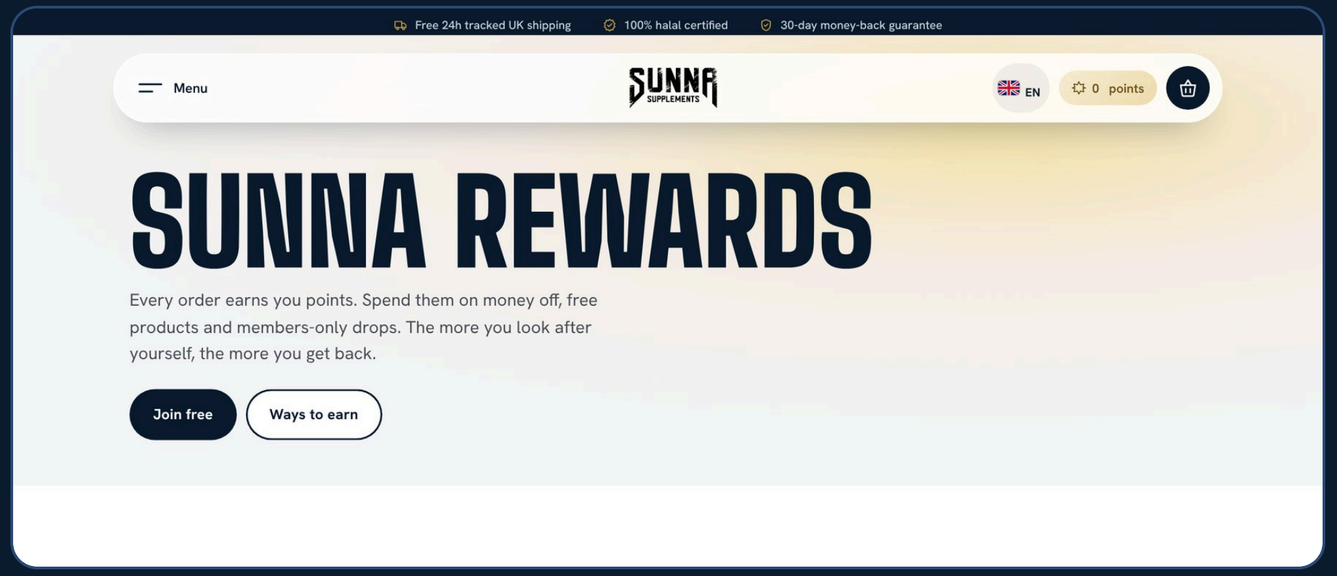

The plan: keep sales for big moments like Ramadan, Eid and Black Friday. The rest of the year, give value through rewards, members-only offers, bundles and gifts.

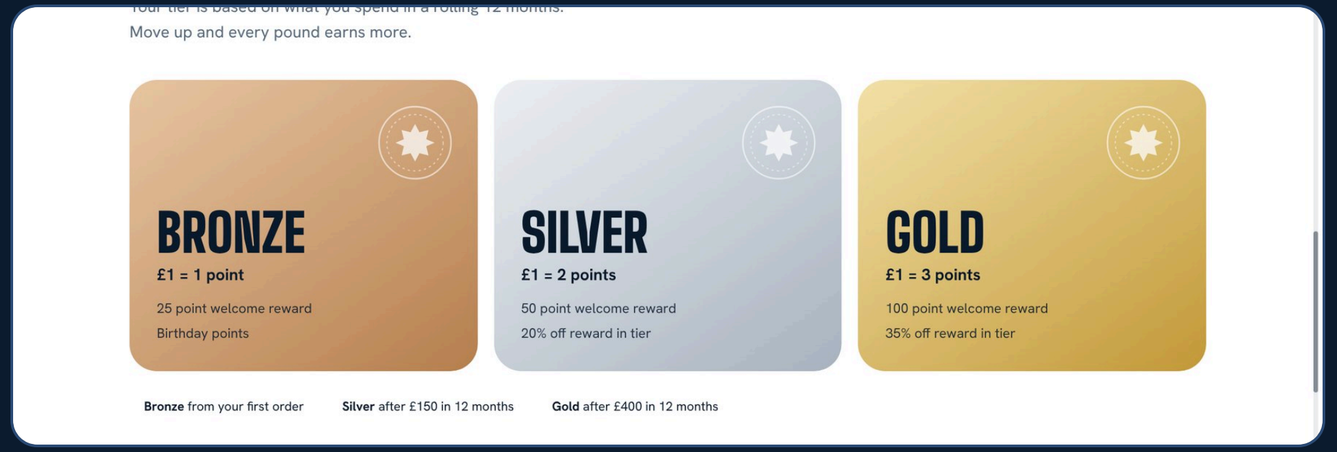

SUNNA REWARDS

DISCOUNTS THEY EARN, NOT WAIT FOR

- Points on every £1, more as they move up Bronze, Silver and Gold
- Extra points for reviews, referrals, birthdays and following on social
- Points swap for money off, free products and early access
- Its own page with the rules in plain English

25% more: loyalty members who redeem rewards spend 25% more than members who signed up but aren't active.

MEMBERS-ONLY OFFERS

MEMBERS HEAR IT FIRST

A mailing list sign-up on the homepage and the rewards page turns visitors into an audience you own, with no ad spend to reach them again.

- Early access to new flavours and launches
- A birthday treat every year
- Double points weeks, for example before Ramadan
- 25 bonus points for joining

GIVE THE GIFT OF HEALTH

A GIFT BOX THEY BUILD THEMSELVES

Pick up to six products, choose a box colour and write a note. The box opens as you scroll, each item drops in, and the lid closes with a gold ribbon when it’s done. It ships straight to the person they love.

> *“Give gifts to one another and you will love one another.”*
> Al-Adab al-Mufrad

Giving, family and health are core values for Sunna’s Muslim audience, and the gift box speaks to that. It works just as well for anyone else.

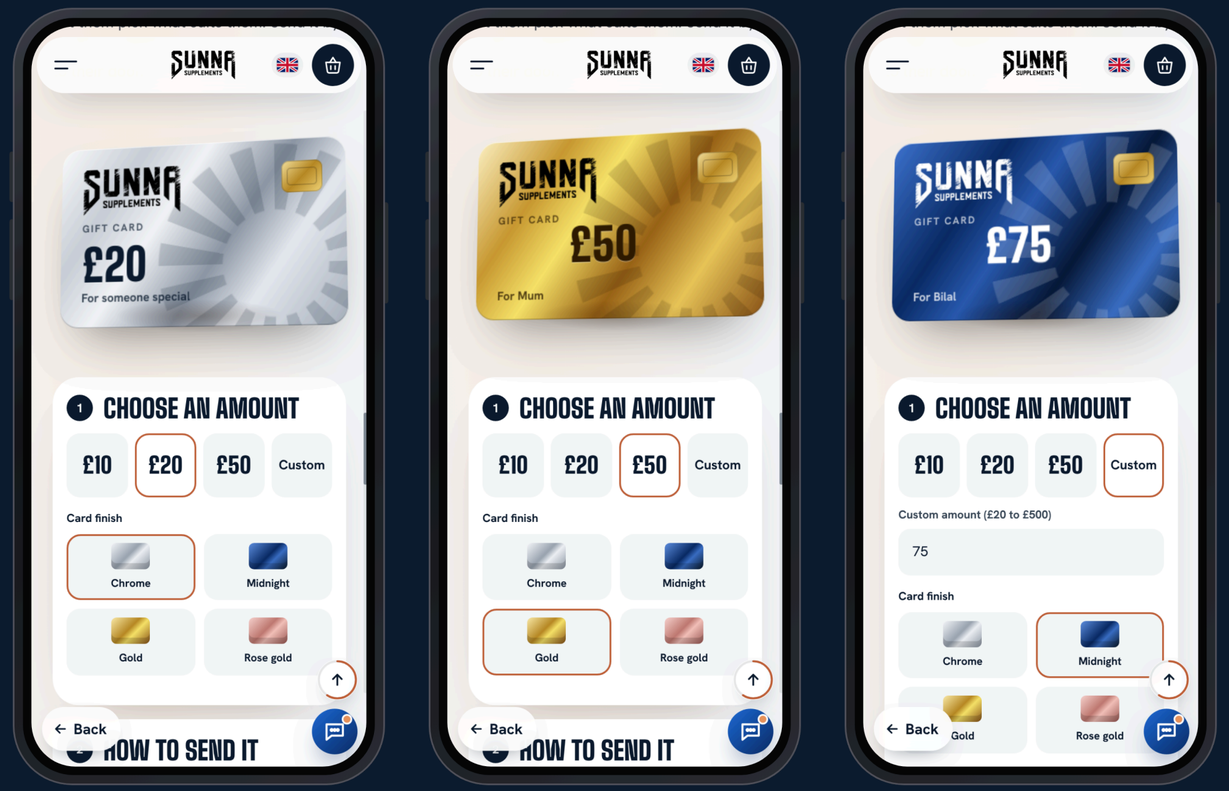

GIFT CARDS

OR LET THEM CHOOSE

- A chrome card that floats, tilts and catches the light
- £10, £20, £50 or a custom amount from £20
- Four finishes, sent by email in seconds or posted
- Paid upfront, and it brings a new customer to the site

Keep it flexible: the gift box doesn't need a printed lid note or a bundle discount. A card inside the box works too.

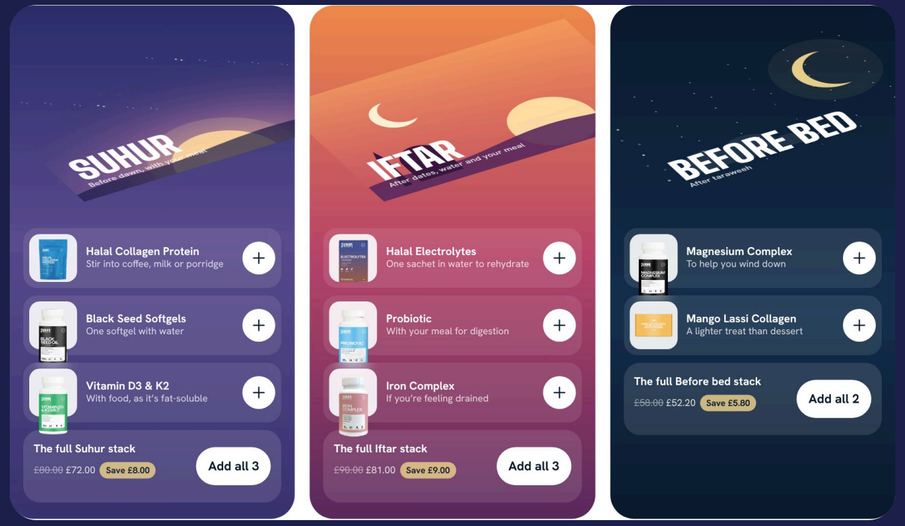

RAMADAN

A ROUTINE FOR THE MONTH THAT MATTERS MOST

- A countdown banner on the homepage from 120 days out
- Suhur, iftar and bedtime routines with timing tips
- Add the whole stack in one tap and see the saving
- Ramadan double points week for members

3.9 million people in England and Wales are Muslim, 6.5% of the population.

KEY FEATURE · FIND YOURS

A PERSONAL ROUTINE IN UNDER A MINUTE

Eight quick questions, then a full routine. It's how a new visitor goes from "where do I start?" to a basket in one go.

1. **They answer:** who it's for, age, goals, anything they're low in, format and fasting
2. **We match:** a best pick, products that pair with it and the right bundle
3. **They buy:** the whole routine in one tap, or send it to someone in a gift box

71% of consumers expect personalised interactions. Source: McKinsey & Company, The value of getting personalization right or wrong is multiplying (2021)

A SUGGESTION FOR THE BOX

A ROUTINE CARD IN EVERY BOX

When someone orders a routine, bundle or gift box, a printed card goes in with it: what to take, when, and how. It’s made from their finder answers, so it feels personal the moment they open the box.

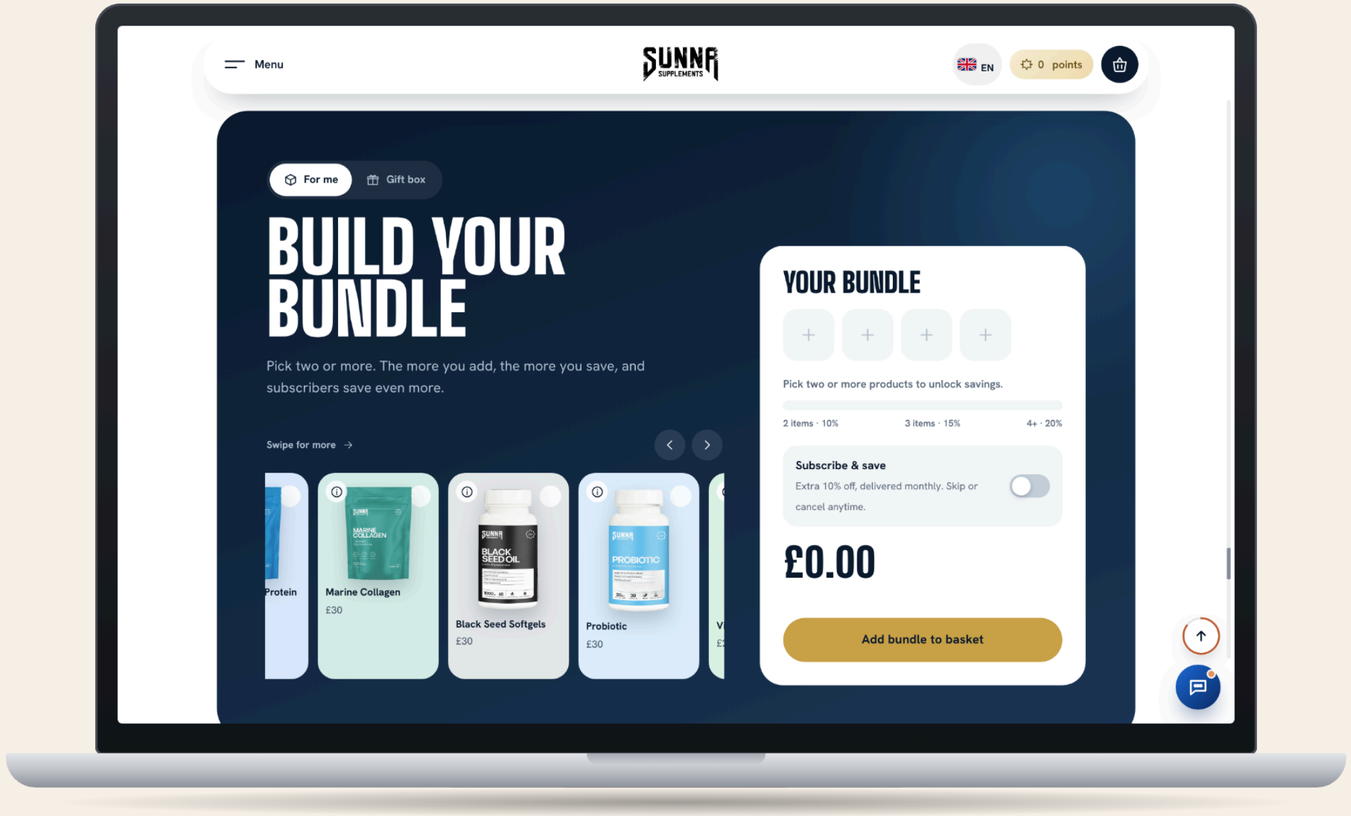

- Less guesswork, so people stick with it and reorder
- Feels thoughtful, especially in a gift
- Cheap to print and easy to automate

BUNDLES AND SUBSCRIBE AND SAVE

SAVING THAT GROWS WITH THE BASKET

- Build your own bundle: 10% off two items, 15% off three, 20% off four or more
- A swipeable carousel on phones, with a quick-look on every product
- Subscribe and save for monthly deliveries and double points
- “Pairs well with” on every product page

ADD-ONS AND RECOMMENDATIONS

SUGGESTIONS WITH A REASON

Recommendations use the same goals as the routine finder, so they explain themselves.

FOR HAIR, SKIN AND NAILS

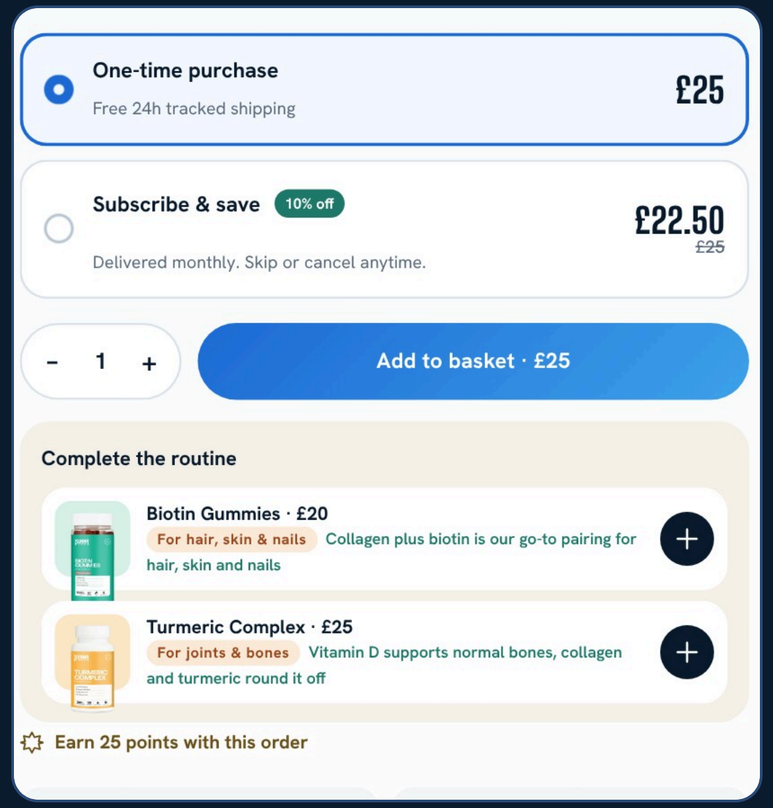

Collagen plus biotin is our go-to pairing.

FOR ENERGY

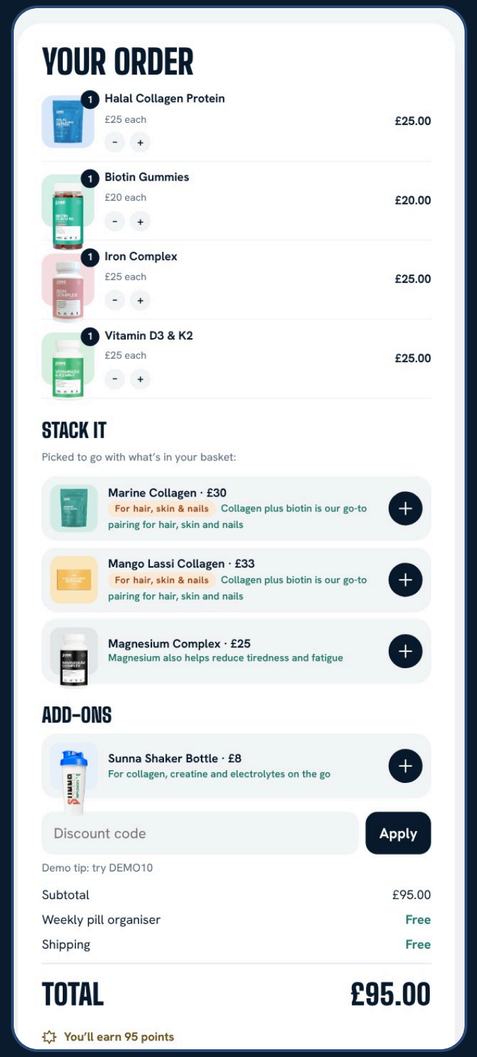

Iron and magnesium both help reduce tiredness and fatigue.

- “Complete the routine” right under Add to basket
- “Stack it” and add-ons at checkout
- A free organiser once there are four or more items
